

# TIPS TO PREVENT SEXTING

- **Think About The Consequences** of taking, sending, or forwarding a sexual picture of someone underage, even if it's of you. You could get kicked off of sports teams, face humiliation, lose educational opportunities, and get in trouble with the law.
- **Never Take** images of yourself that you wouldn't want everyone – your classmates, your teachers, your family, or your employers – to see.
- **Before Hitting Send** remember that you can't control where this image may travel and you can't get it back. What you send to a boyfriend or girlfriend could easily end up with their friends, and their friends, and their friends, and on and on.
- **If You Forward** a sexual picture of someone under age, you are responsible for the transmission of the image. You could face child pornography charges, go to jail and have to register as a sex offender.
- **Report** any nude pictures you receive on your cell phone to an adult you trust. Do not delete the message. Instead, get your parents or guardians, teachers, school counselors or police involved immediately.
